SKILLS

- **Languages**: C++, JavaScript, Java, HTML, CSS
- **Frameworks**: LangChain, NodeJS, React, Express
- **Tools/Platforms**: MySQL, MongoDB , Jenkins, Docker, Kubernetes, Git, GitHub
- **Soft Skills**: Problem-Solving, Team Player, Adaptability

INTERNSHIP

Pearl Thoughts – SDE Intern | Link — Oct' 2025 – Nov' 2005

- Architected a scalable backend for a healthcare appointment system using the **NestJS** framework, ensuring modular code structure and secure API endpoints for patient data management.
- Integrated an intelligent **AI Agent** utilizing **LangChain** to enhance user experience, enabling patients to schedule and modify appointments seamlessly through **Natural Language Processing (NLP)**.
- Gained practical experience on **NestJS** and **LangChain** by developing an AI healthcare app, simultaneously mastering **backend architecture**, **PostgreSQL**, and **collaborative version control** workflows.

PROJECTS

Multimodal AI IDE Extension | Link — Since Nov' 2025

- Developing a VS Code extension leveraging Multimodal LLMs to enable context-aware code generation directly within the developer's working directory.
- Implemented a persistent global memory system using RAG (Retrieval-Augmented Generation), allowing the AI to retain context across different sessions and local models.
- Containerized backend services using Docker and orchestrated via Kubernetes to ensure consistent deployment environments across various machines.

  Tech: NodeJs, React, PostgresSQL, LangChain

High-Scale Food Delivery Application | Link — May 2025 – Jun' 2025

- Built a microservices-based food delivery platform featuring real-time order tracking via WebSockets and dynamic delivery partner assignment algorithms.
- Deployed a comprehensive monitoring dashboard using Prometheus to visualize system health metrics and generate automated performance reports.
- Automated the CI/CD pipeline using Jenkins and GitHub Actions, reducing deployment time by 40% and ensuring 99.9% system uptime on AWS.

  Tech: NodeJs, React, PostgresSQL

CERTIFICATES

- Cloud Computing (AWS) – Cipher Schools | Link — Jun' 2025 – July 2025
- Cloud Computing – NPTEL | Link — July 2025 – Oct' 2025
- MongoDB – Mongo University | Link — Jun' 2025 – July 2025

ACHIEVEMENTS

- Solved 250+ questions across different platforms including LeetCode , GeeksforGeeks | Link — July 2025
- Achieved 1500+ rating on LeetCode | Link — May 2025

EDUCATION

- **Lovely Professional University** — Punjab, India
  Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.73** — Aug 2023 -- Aug' 2027
- **Navy Children School** — Chanakayapuri, Delhi
  Intermediate; **Percentage: 74.6%** — April 2021 – Mar' 2022
- **Navy Children School** — Kochi, Kerala
  Matriculation; **Percentage: 85.6%** — April 2019 – Mar' 2020
